

Inflatable fenders F series are the strongest fenders from CASTRO. They are moulded in just one piece with hard and flexible vinyl, with high abrasion resistance. When used as inflatable floats, they are a fine application for cables and floating pipelines. They resist common solvents and mineral oils.

FENDER KITS also available. Kit includes Fender, Fender Fit & Rope. All Colour Co-ordinated to suit your Specifications

Just add KIT to the end of SAW Code

Characteristics:

CASTRO P.V.C. inflatable buoys & fenders are high quality. The eyes made by injection provide them an extreme hardness. Flexibility in the body of the piece for a greater damping between the boat & the dock. Totally watertight valve that avoids air loss.

Quality:

Castro Fenders & Buoys offer 37% more stretch when carrying a load of 356 kgs without the blue eyes separating from the body. Any malformation of the product has been observed after being mistreated. Other reputable manufacturers are 24% below CASTRO results of quality.

ALL NAVY JP SERIES FENDERS

Fenders 'JP' series have been designed as complement to our other series 'F' and 'G'. All of them are moulded in just one piece with hard and flexible vinyl special for the sea. All sizes have swelling valve. Available in 3 sizes.

Part No.	Dia.	Circum.	Length
37532	13cms	40cms	40cms
37534	18cms	58cms	61cms
37536	25cms	76cms	83cms

Part No.	Eye Hole	Buoyancy	Weight	Colour

37534	2cms	10kgs	1.5kgs	Navy
37536	2.5cms	25kgs	2.5kgs	Navy

INFLATABLE PICK-UP BUOY

Made of P.V.C resins with security valve. With handle to make collection on board easier. Special for anchoring.

Diameter: 245mm
Buoyancy: 8 kgs

Part No. 37562

SINGLE EYE BUOY

Inflatable buoys are specially designed for industrial fishing. These buoys obtain 80% less drag to the water than standard round buoys. That means faster pickup and less strain as these buoys skip along the surface of the water rather than digging as round buoys do.

Part No.	Description
37566	Single eye buoy 320mm dia 600mm
37568	Single eye buoy 410mm dia 760mm

Diameter	Circumference	Length	EyeDia	Buoyancy	Weight
32 cms	98 cms	60 cms	2.5 cms	32 kgs	2,900 kgs
41 cms	125 cms	76 cms	2.5 cms	57 kgs	3,800 kgs

SINGLE EYE FENDERS/BUOYS

Inflatable fenders F series are the strongest fenders from CASTRO. They are moulded in just one piece with hard and flexible vinyl, with high abrasion resistance.

When used as inflatable floats, they are a fine application for cables and floating pipelines.

They resist common solvents and mineral oils.

Part No.	Description	Colour
37554	Single eye fender/buoy 310mm dia	Orange
37555	Single eye fender/buoy 400mm dia	Orange
37556	Single eye fender/buoy 500mm dia	Orange
37557	Single eye fender/buoy 600mm dia	Orange
37558	Single eye fender/buoy 800mm dia	Orange
37558W	Single eye fender/buoy 800mm dia	White

Diameter	Circumference	Length	EyeDia	Buoyancy	Weight
31 cms	100 cms	48 cms	2.5 cms	18 kgs	1700 kgs
