Lead The Way With The V-Finder!

The V-Finder is a modern handbearing compass with a clean, ergonomic and ambidextrous design. The smooth finish feels soft in your hand and will not slip even if it's wet. It's unique in that it manages to achieve an unparalleled level of comfort both for right and left handed users.

The hardened pivot and double cup stone are a guarantee of long life and shock resistance of your V-Finder compass. The V-Finder also has a memory ring for setting a desired course. The hi-tech bottom cell is engineered using ultra-sonic welding, it acts like an expansion membrane, eliminating bubbles and leaks.

- German precision movement.

Bells - Brass

Part No.	Description	Bell Ø (mm)
52202	Complete with Brass Wall Bracket & Striker	100
52203	Complete with Brass Wall Bracket & Striker	150

- Crafted in highly polished brass.

Padlock - Brass - Stainless Steel Armoured

Part No.	Description	Width (mm)
 501160	Stainless Steel Armoured Brass Padlock	63

- This 63mm stainless steel armoured brass padlock is suitable for all applications including commercial and industrial.
- As well as being extremely strong and durable the unique design prevents the lock from being physically tampered with.
- High quality brass padlock.
- Chrome plated hardened steel pin.
- 3 identical keys included.
- High security.
- Tamper proof.

NOTE: Lubricate periodically with teflon based lubricant. Store in a dry place

Padlocks - Stainless Steel

Part No.	Description	Width (mm)	Shackle Ø (mm)
 501030	Stainless Steel Padlock	30	5
 501040	Stainless Steel Padlock	40	6
 501050	Stainless Steel Padlock	50	8

- The stainless steel Padlock is robust and sturdy and will provide strong and secure protection for your valuables.
- This particular lock is ideal for cupboard, lockers, small or large
- Tool boxes and is individually keyed for security.
- 3 keys supplied with every padlock.

Padlocks - Long Shackle - Stainless Steel

Part No.	Description	Width (mm)	Shackle Ø (mm)
 501035	Stainless Steel Long Shackle Padlock	30	5
 501045	Stainless Steel Long Shackle Padlock	40	6
 501055	Stainless Steel Long Shackle Padlock	50	8

- The stainless steel Long Shackle Padlock is a strong and sturdy device that will provide a secure safeguard against theft.
- The uniquely long shackle allows the lock to be secured to more than one item where needed or used in areas where a standard shackle is too short.
- 3 keys supplied with every padlock.

Padlocks - Stainless Steel

Part No.	Description	Key Type	Width (mm)	Shackle Ø (mm)	Pack Qty
 501032	Stainless Steel Padlock	Keyed Alike	30	5	2
 501034	Stainless Steel Padlock	Keyed Alike	30	5	4

Winch Handles & Accessories

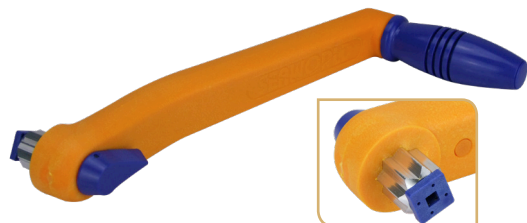

Winch Handle - Locking - Stainless Steel - 316G

Part No.	Description	Length (mm)
70710	316 Stainless Locking Winch Handle	290

- Stainless steel polished finish.
- Thick frame for strength.
- Nylon handle.
- 2 way lock and unlock release.

Winch Handle - Locking - Floating

Part No.	Description	Length (mm)
70720	Floating Lock In Winch Handle 10"	254

- Made from glass fibre reinforced plastic providing a strong but light weight product.
- Ball bearings in the handle provide a fast and smooth cranking.
- Floats if dropped over board.
- Quick lock and unlock feature.

Winch Handle Holder - Nylon

Part No.	Description	Diameter Ø (mm)	Mounting Holes (mm)
70716	Nylon Winch Handle Holder - Surface Mount	52	3 x 5

- Designed to fit with any of the Lock-in winch handles.
- Heavy-duty nylon.
- Plastic gasket.
- Surface mounting.

Winch Handle Pocket - PVC

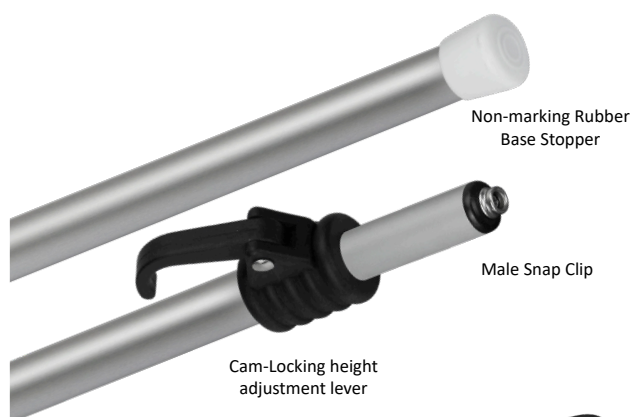

Part No.	Description	Length (mm)	Width (mm)
70715	PVC Winch Handle Pocket*	300	90

- Made from heavy-duty white flexible PVC.
- Suits up to a 290mm winch handles.
- Includes 4 x stainless steel fastenings.

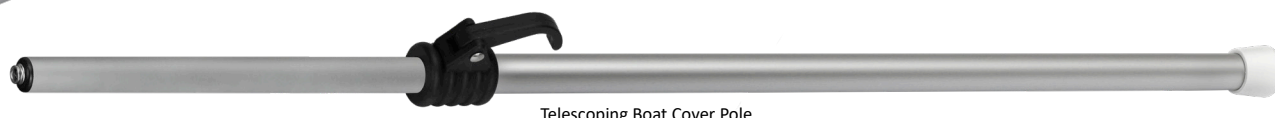

*NOTE: Handle not included.

Boat Cover Pole - Telescoping

Part No.	Description	Tube Ø (mm)	Length (mm)
370200	Telescopic Boat Cover Pole	24	620 - 1160

- The universal boat cover pole is a telescoping aluminium pole that extends between the boat floor/cockpit and the underside of the boat cover to prevent sagging.
- Universal telescopic pole includes with snap clip end.
- Eliminates water from pooling in cover and prevents damage.
- Easy to use, pole telescopes and locks in place.
- Non-marking rubber base stopper.
- Pole extends between 755mm to 1330mm.
- Anodized aluminium.

Telescoping Boat Cover Pole

Wind Direction Indicator - Stainless Steel

Part No.	Height (mm)	Arm Diameter (mm)	Vane Length (mm)	Reference Arms (mm)	Weight (g)
53738	320	10	365	220	240

- The Wind Indicator is lightweight, economical, durable and resistant to damage from birds and harsh wind conditions.
- The indicator attaches quickly to the top or side of your mast and is easily visible in all light.
- Includes threaded mounting rod and bright red and white reflective reference tabs and vane.

- Wide opening neck with drainage.
- Two chest pockets.
- Unlined to speed up drying time.

BURKE

PB20 Breathable Fabric

Many of Australia's leading yachtsmen have been involved in developing the Southerly Offshore, making safety, protection and comfort a priority. PB20's advanced three layer construction eliminates the need for secondary linings increasing garment breathability, minimising weight and speeding up drying time.
