relaxn[®] **Relaxn Mako Series LED Light Bar**

NEW

Relaxn's premium range of curved Lightbars are the apex predator of flood/spotlighting, aptly named the Mako series. The combination of flood and spotlight provides an even widespread beam while covering an extensive distance. The reflectors are designed with 94% reflector efficiency to take full advantage of the high-performance CREE's Next-Gen LEDs. These bad boys will eliminate darkness with an output of up to 22400 lumens!

The die-cast aluminium housing is as rugged as it gets, torture tested to the extreme. These Mako Series Light Bars feature a large heat sink with a patented military-grade breather, GE Lexan lens and all 316-grade stainless steel hardware. The Mako Series Light Bars are built for the harshest environments.

These Relaxn Mako Series Light Bars are available 20, 30 and 40-inch lengths and can be mounted almost anywhere. They are suited for all application from Boats, 4X4s, Forklifts, Shipping, Agriculture Equipment and even Mining. From fishing the great oceans to traversing the outdoors let the Mako Series light the way.

Aluminium Housing

Die cast aluminium housing coated in durable UV polyester powder coating.

Next Gen LED's

40, 60 or 80 High-powered CREE 5 watt LED's rated to 50000 hours with a 94% reflector efficiency.

Pre-wired for ease

4.2 metre wire loom, pre-wired with DT04-2P socket, relay, switch and fuse ready to connect.

Universal Mounting Angles

Light Bar can rotate a 360° up or down once mounted.

Built Tough

Operation temperatures:-40°C~+62°C tested for 8 hour constant operation.

Rugged Lens

Fitted with a GE Lexan lens, 300 times stronger than glass, anti-shock, and anti- scratch.

Ingress Protection Ratings

IP68 - Protection against dust and water immersion

IP69K- Protection against high pressure/steam jets.

Certification

CE, SAE, RoHS, E-Mark, and ISO9001.
